Solutions

15 year Pro Rata
Warranty

**WISELIVING is Australia's
only manufacturer and
distributor of hot water storage
tanks and water heaters for
all applications.**

Manufactured from marine grade Stainless Steel and heavily insulated, our mains pressure tanks have passed rigorous testing to ensure their durability, reliability and longevity. We can custom build tanks to meet the most demanding needs and give you the option of any power source from electric, wood, solar, heat pump or gas.

CENTRACOIL HOT WATER TANKS

WISELIVING CentraCoil tanks have an innovative heat exchanger fitted to the tank to allow connection of a variety of additional heat sources. You can now safely combine low pressure with high pressure, potable domestic water with frost protection chemicals or hydronics with anti-corrosion additives.

SOLAR HOT WATER

All WISELIVING tanks are compatible with our evacuated tube solar hot water systems. Installing a WISELIVING Evacuated Tube Solar System can reduce your energy costs by up to 80% whilst reducing your carbon footprint.

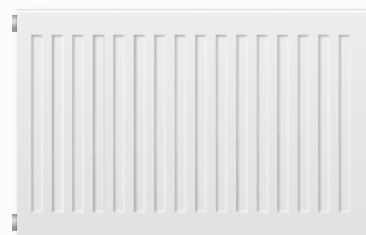

WOOD-FIRED HEATING

All WISELIVING tanks are compatible with our range of Thermalux wood-fired boilers, heaters and cookers. Our range can be custom made to include hot water and hydronics heating capability to provide all your domestic hot water and heating needs.

HEAT PUMP

WISELIVING offers a range of hydronic and hot water heat pumps that are perfect when combined with a CentraCoil hot water tank. Made to the highest standards, you can ensure your family always has reliable, stable, and continuous hot water while saving you money.

HYDRONIC HEATING

Reliable, efficient, safe, silent and dust and allergen free, hydronic heating is one of the best ways to make your home as inviting as possible. With a range of options to choose from including heat pumps wood and gas boilers, radiators or infloor slab heating, WISELIVING can custom build a tank to suit any option.

CUSTOM TANKS

Whether it's a new home or replacing an aged unit, WISELIVING can custom build the right tank for your requirements. With a range of sizes and your choice of connections and fittings, our tanks are just as happy sitting outside in the elements as they are hidden away in a cupboard, and you even choose your preferred heat source.

ABOUT WISELIVING

WISELIVING is a family owned and operated company that has been involved in the Australian Hydronic Heating industry for decades.

From proudly manufacturing and distributing the Thermalux range of hydronic wood fired boilers, to remaining the largest independent manufacturer of buffer tanks and hot water tanks in Australia, WISELIVING are leading the way in sustainable heating, cooking, and hot water products for the Australian market.

Together with our sister company Hurlcon Hydronic Heating, WISELIVING remain the sole Australian distributor of Beretta high efficiency gas condensing boilers and ThermaRad brand radiators. With the introduction of the WISELIVING R32 Hydronic Heat Pump, they are again leading the way in delivering efficiency and superior technology.

A reliable company with a long history in dependable Hydronic Heating means peace of mind for our customers and their investment in WISELIVING products.
